Select Lots Released at Jindalee

Nine select lots will be released tomorrow at Jindalee Beachside Estate, in one of the last stages of the popular northern beachside land estate. Due to their ocean view potential and close proximity to the beach, these lots will not be on the market long.

Stage 14 is located in the southern most portion of the estate and consists of 25 traditionally sized lots- all of which have a northerly ocean aspect. The nine lots for sale in this stage range in price from \$455,000 - \$490,000 and are sized from 630 to 715 square metres.

Titles for these select lots are expected in August 2014. Demand has been strong for all previous land releases at Jindalee Beachside Estate, and there is only one lot remaining from these releases.

Project Director from Heath Development Company Brian Newman said that 'over 80% of this 940 lot development has already been released and subsequently sold. There will only be limited opportunities for buyers to gain access to Jindalee Beachside Estate in the future.'

Jindalee Beachside Estate is one of the Perth's most successful and sought after land developments in the northern suburbs since lots were initially released in September 2007, comprising of traditional and cottage style lots, many of which have uninterrupted ocean views.
